United States Patent [19]			[11] Patent Number:		4,937,431
Jameson et al.		[45]	Date of	Patent:	Jun. 26, 1990
[54] APPARATUS FOR DISTRIBUTING A HEATED SCENT		4,609,245 9/1986 Sakschek			
Inventors:	Richard N. Jameson, R.R. 2, Box 80; Dana R. Cook, 1112 S. Elm, both of Pittsburg, Kans. 66762	4,771, 4,773,	,563 9/1988 ,178 9/1988	Easley	43/129
Appl. No.: 263,437		Attorney, Agent, or Firm-John W. Carpenter			
Filed:	Oct. 27, 1988	[57]		ABSTRACT	
U.S. Cl		disposed rotatably An electr	An apparatus for producing heat to enhance an animal lure scent containing a hollow body, a base removably disposed to one end of the hollow body, and a body cap rotatably secured to another end of the hollow body. An electronic circuitry is disposed in the hollow body
